Where we take time
to enjoy a new way of life.

An Authentic Lifestyle, An Exceptional Experience

Nature and lifestyle infused in perfect balance, spoiling us in an unspoiled setting. Inspired by local architecture, culture and landscape. An oasis woven around trees that have stood here for generations.

Viceroy Residence owners enjoy a resort at their doorstep, and surroundings of age-old olive groves and meandering streams of crystal clear water. We compliment natural serenity with the experiential luxury and stunning design of our golf course, spa and many exclusive facilities. Health and wellness therapies, delectable dining moments and thrilling sporting adventures all immerse you in your surroundings.

Discover the Heart of the Algarve

Nestled at the heart of the Algarve, enclosed by nature reserves and picturesque, white-walled villages, Ombria Resort is easily accessible from nearby Faro Airport, so magnificent golf courses, spectacular beaches and your own hidden spots are never more than a step away.

A natural climate of pleasant summers, mild winters and our bioclimatic architecture ensures the perfect temperature throughout the year. With turn-key management leaving you free to enjoy warm blue skies and time-forgotten villages, rich with gastronomy, culture and history. Soon you'll share our passion to preserve them and understand why we call this the heart of the Algarve.

320 days of sun per year

Investing in nature.

Nature reminds us that the smallest things still matter.

Next Generation Sustainability

Sustainable consideration is an integral part of Ombria's philosophy; how we affect our environment, how we may protect and promote local heritage and what impact we will have upon the local community. Discover our passion to preserve the region for future generations.

Architecture, landscaping, material sourcing and design aesthetic all work to reflect the natural environment and create the perfect responsible resort. Our bioclimatic smart houses use cutting-edge solar and geothermal energy sources as part of our commitment to ensure that the lands inspiring us live on to inspire others.

Ombria Resort Masterplan

Become part of our story

Starting at the central plaza, the heart of a village, lies an entire resort to explore. Friends, old and new, greet each other warmly at the clubhouse. Tantalising aromas and familial smiles welcome us to restaurants and bars. A lifestyle rooted in nature, simple pleasures and unforgettable memories.

A calendar of activities and events can be enjoyed the whole year-round, the adventurous can set out on hiking and mountain bike trails, families can enjoy organic vegetable picking and the honey harvest, while romantic evenings can be spent star-gazing at the astronomical observatory.

Viceroy Residences Masterplan

Come as you are, leave the rest to us

Step into a secluded community inspired by fresh air and outstanding natural beauty. Evoking the local village charm of whitewashed walls and cobbled streets, discover the exquisite service, attention to detail and design innovation that have defined Viceroy around the globe.

The Advantages of Ownership

Enjoy the best of both worlds. A perfectly-managed holiday home and a guaranteed rental income. Branded management ensures you the perfect arrival, while your property, and its rental, is completely taken care of after you leave. Simply turn the key and relax.

Each owner may spend up to ten weeks a year here, special memories with friends and family at a vibrant resort infused with natural serenity. You are investing in a blossoming property market, the local community and in time spent together.

The remainder of the year your property will be rental-managed by Viceroy Hotels & Resorts. The pooled rental income covers all maintenance costs, with the remainder divided out among owners as profit – a guaranteed minimum 5% return for your first five years. Transparent rental management as stress-free as your stay.

Your needs perfectly balanced.
Your home from home.

Paths twist around centuries-old trees. Here we know that tradition endures.

Architecture Rooted in Nature

Every aspect of our design is infused with the essence of the region, a village sculpted into the rolling hillsides as if it had always been there. Traditional Portuguese crafts and materials embraced in a sophisticated, modern context.

Concept design was carried out by WATG, leading architectural designers renowned for innovative designs with an innate sense of place. Following their creative vision for a resort inspired by its surroundings, our dynamic Portuguese architectural team, PROMONTORIO, realised a design shaped by hillsides and villages.

To preserve the warm sense of community experienced in local villages, we created the central Praça, which soon became the vibrant heart of the village. This spirit would spread throughout the bars and restaurants of the resort, new, smart architecture enriched by the heritage and culture of the inland Algarve.

Evocative interior spaces
infused with their surroundings.

Design Inspired by the Region

The Viceroy Residences are a collection of 65 one and two bedroom apartments spread over 18 buildings in the main village. Strongly-defined designs blend outdoor and indoor spaces, past with present. Highest quality finishes pair stunning views with local elements of stone and wood.

WATG's interior design team, Wimberly Interiors, used local materials to create an experiential sense of the region throughout each property. Even the smallest of details playing its part in a journey to forgotten hills and tucked away villages, not only inspired by the Algarve but retelling its story.

Ranging from 70 to 173 m² of internal area, every room is fully furnished and equipped, featuring immaculately bespoke kitchens, living rooms, bedrooms, bathrooms and terraces. With private swimming pools and jacuzzi available, you can easily find the perfect one to suit your needs.

The highest standard of finish
combined with local
materials and craftwork.

Building Specifications

Every minute detail has been designed to seamlessly blend outdoor freedom into contemporary living. Tactile, local materials and discrete, subtle use of technology ensuring that every modern convenience is elegantly integrated into an organic space.
